Delegate Feedbacks

"Today's session was truly wonderful and insightful. I learned so much about AI data centers, including the offerings and operations of companies like Sifi, which manages multiple data centers across various locations. Additionally, VERTIV's expertise in providing advanced cooling systems was impressive. It was an eye-opening experience!"

Nilesh Chavda
Head - DataCenter, Zensar Technologies

"Thank you so much for this event; it was truly wonderful. The way Sify is managing and expanding its operations is remarkable. The insights we gained today were amazing, especially about how data centers have evolved over time."

Sidd Gubbyad
Regional Manager, Infosys

"I attended a fascinating session by Sify on data centers and their collaboration with What If, both market leaders. It's inspiring to see them join forces, focusing on AI as the future trend for 2025. I'm thrilled to evaluate where we can contribute and be part of this exciting journey."

Ashish Mohanty
Global Head Procurement, Tata Technologies
