Delegates' Feedback

"The AI Roadshow was an engaging and insightful event, featuring interactive sessions and expert panel discussions on moving AI from PoC to Production. Special thanks to CIO&Leader for organizing this impactful experience filled with valuable use cases and enthusiastic participation."

Ranjit Kumar

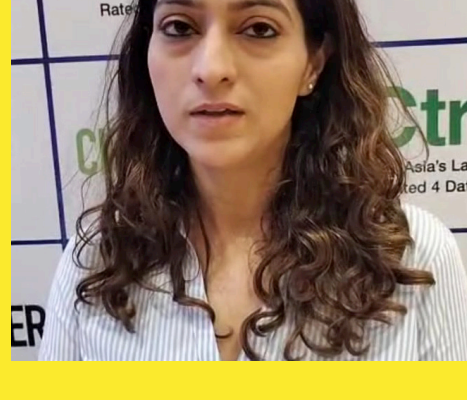

Project Director & CIO, IndiCorp IT Solutions

"The AI Roadshow was one of the most exciting and highly interactive events I have attended — truly insightful! Thanks for organizing such a valuable event which was truly an amazing experience."

Neeraj Awasthi

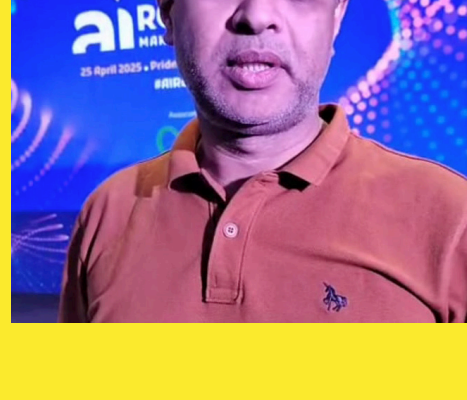

Vice President - IT, TimesPro

"I thoroughly enjoyed the AI Roadshow — the full-day agenda was well-structured, with highly relevant topics throughout. The workshop was insightful, the panel discussion was a highlight, and there were plenty of key takeaways. Thanks for an excellent experience!"

Dipti Narang

Director - IT, To The New

"It was a great event filled with valuable insights — especially learning about Agentic AI, which is clearly the future. Special mention to CtrlS for an excellent session on next-gen data centers for AI workloads. Looking forward to more such sessions."

Neeraj Sirohi
