Delegate Feedbacks

"The event had a lot of interaction and several new initiatives introduced by both WebEx and Cisco."
Sudhir Kanvinde
Chief Information Officer, Supreme Industries

"It was indeed a great session, and we learned about many new enhancements that Tata and Cisco are working on in collaboration. We definitely recommend exploring this solution to understand the features and the new AI-driven innovations they have introduced."
Nilesh Gaidhani
Chief Manager - IT, Aditya Birla Capital

"The session was quite interesting and encouraging—it brought people together as a team in a school-like environment to work on real-world use cases. We had the opportunity to understand the use case, collaborate as a team, and present our findings together. It was a wonderful concept, and I really liked it."
Ilango S Nadar
Head - Global IT infrastructure and Services, Birla Carbon

"The session was very good—well organized and attended by highly knowledgeable people. What stood out was the strategic use of engaging activities, possibly including gamified elements. We also had the opportunity to work on a case study, which added great value to the experience."
Suprabha Mishra
Head - Engineering, Aditya Birla Health Insurance
