Delegate Feedbacks

"I came across several impressive products today that I believe could greatly benefit our mechanical engineering team. To explore their potential further, I've requested the team to conduct a brief session for our company."

Swamitra Singh
Xylem Watter solutions- Assistant UX Manager

"The event hosted by Autodesk was excellent. To gain more clarity in our direction, we now need some technical expertise to guide us forward."

Balaji Amberker
Tata Electonic - Senior Engineer

"It was very useful and helpful for us, especially with the introduction of new tools. He also introduced some software that could be valuable to our work."

Vinoth Kannan
Wendt India -Design Engineer

"The session was insightful and helped us understand digital transformation in design more clearly."

Prashanth Challa
InOpTra Digital, Manager

"This was quite an impactful session, offering valuable insights and perspectives."

Chindhuluru Mahesh Kumar,
HCL Technologies, General Manager Solution Architect
