Delegate Feedbacks

"The workshop was very informative. Being more localized, it helped us engage directly with people and get our queries clarified. Thank you."

Srabani C

VP - IT, Yes Bank

"We learned that Rubrik offers a tool for disaster recovery, similar to BRR and BMR. This product will definitely be helpful, provided it works as demonstrated."

Swapnil Indulkar

Senior Consultant, ICICI Bank

The event was very useful for us, especially regarding Active Directory, which we had been exploring. The insights from this session are valuable for our domain. The event was excellent and will help us address and build solutions for known issues. Thank you."

Paresh Rane

Backup Team, ICICI Bank

"Thank you to the Rubrik team for arranging such an informative session. It was very useful, especially regarding ransomware attacks and your integration with Microsoft and other domains. We appreciate this effort and look forward to more such valuable sessions in the future."

Vishal Hembade

Manager, IndusInd Bank
