Delegate Feedbacks

"I am proud to be part of the Reimagining Networks in the Multi-Cloud Era session, which helped me realize that Tata indeed has strong solutions for the multi-cloud era. The way the five diverse groups presented their use cases made the session highly engaging and insightful"

Praveen Kumar

Associate Director, Happiest Minds Technologies Limited

I liked the session for the strong technical insights shared by TCL and the way it was well-organized. Thank you.

Ashutosh Thakur

Head Of Procurement / Director Procurement, InstaReM Pte Ltd (NIUM)

"I found the session very interesting as it introduced IO Cloud, whose benefits were highly relevant and could be valuable for our future integration and use"

Ravish Malhotra

Associate Director, Ola Group

"I'm grateful for the invite to this amazing Reimagining Networks in the Multi-Cloud Era event by Tata Communications, which had an engaging format of high-level product walkthroughs, interactive team discussions, and case study presentations. I gained valuable insights on Manage SASE, SD-WAN, and Tata Cloud, which I'm sure will be useful for my solutions going forward"

Atul Kumar

VP, Global Solutions Head, Cloud & Infrastructure, Tech Mahindra
